

# Living Thing

Peter Bjorn And John

Living thing, it's a living thing  
Living thing, it's a living thing  
Living thing, it's a living thing  
Living thing, it's a living thing  
Drop the funny line, it's not funny anymore  
Make me feel at home like you used to do before  
Fill another glass if it makes you more at ease  
I could easily act, I usually aim to please  
I've grown accustomed to grow old  
It suits me fine, just fine  
Stop wasting my precious time  
From now on it's just mine  
I'm rented by the hour  
And if you can't afford to pay  
You gotta keep me bothered, you gotta keep me awake  
You don't have to look me in the eye  
You don't have to look me in the eye no more  
You don't have to look me in the eye  
  
You don't have to love me  
it's a living thing, it's a living thing, it's a living thing  
it's a terrible thing to lose  
[x 4] We didn't do it together, and now is it too late?  
It's pretty tight around the corners and I no longer have your taste  
What is it about a friendship that always keeps the closet closed?  
But I can tell it's dusty in here  
So I don't even want to think about yours  
You don't have to look me in the eye  
You don't have to look me in the eye no more  
You don't have to look me in the eye  
You don't have to love me  
it's a living thing, it's a living thing, it's a living thing  
it's a terrible thing to lose  
[x 12]
