

Forget the Fall

Flowers

Little sister
How I've missed you
Come and tell me what you've done
If you've been foolish
Do as you wish
That's the joy of being young
Forget the fall
It happens to us all
You're happy now
Forget the fall
It happens to us all
You're happy now
Little sister
How I've missed you
Come and tell me where you've gone
Do what you want to
It's what you should do
That's the fun of being young
Forget the fall
It happens to us all
You're happy now
Forget the fall
It happens to us all
You're happy now
Little sister
Who's kissed you?
You tell me it was all for fun
You've been foolish
But do as you wish
That's the point of being young
Forget the fall
It happens to us all
You're happy now
Forget the fall
It happens to us all
You're happy now
Don't take heed of father's fancies
Don't take heed of mother's worries
Forget the fall

It happens to us all

You're happy now

Forget the fall

It happens to us all

You're happy now
