

# As I Go

## Steep Canyon Rangers

I always try to do what's best  
I've always done the opposite  
Feeling good, but a little too slow  
Tripping on your doorstep as I go. Always hanging by a thread  
I never did care what the doctor said.  
Hold on tight, and don't look down  
But there ain't no telling where I'm about Chorus:  
As I go, as I go,  
Tripping on your doorstep as I go  
Feeling good, but a little too slow  
Tripping on your doorstep as I go. You recall the best in worst  
Forget the in between time first  
.how it felt  
Crazy hell of ...art Chorus: (x2)  
As I go, as I go,  
Tripping on your doorstep as I go  
Feeling good, but a little too slow  
Tripping on your doorstep as I go.
