To the Edge

Lacuna Coil

Here I start to define it
As a sign on my skin that I just try to wash away
Reminder

Infected, itll be painful to meLife is so short Close to the edge of another backdoor

Life is so sure!

Life will be ready to twist up your worldHere it starts to enlighten

Theres a frame I cant change that I just have to watch again

Reminder

Repressed inside me, it keeps repeatingLife is so short Close to the edge of another backdoor Life is so sure!

Life will be ready to twist up your worldLife is so short
Close to the edge of another backdoor
Life is so sure!
Life will be ready to twist up your world
