

# Mess With Time

## Built to Spill

Come on  
Whats to decide  
Reveal your life  
Mostly with life  
Review what you have done  
I know its gone  
Back to its sunFinally  
Something to say  
Back to their lives  
Not to their face  
Where to go for your life  
Back to your fire  
Mostly on tryWell around your mind  
Till I mess with time  
How can you unwind  
When my hands are tied
