

Pullin Me Back (feat. Tyrese)

Chingy

[Chorus]

Every time I try to leave
Somethin' keeps pullin' me back, me back
Telling me I need you in my life
Every time I try to go
Somethin' keeps tellin' me that, me that
Everything gon be alright
Every time I try to leave
Something keeps pullin' me back, me back
Telling me I need you in my life
It was meant to be
You were meant for me
So that means we gotta make it work
It was all good at first,
Spendin' money, goin' shoppin'
Eatin' at the finest restaurants
And then from club hoppin'
She was right thurr with me bottle poppin' livin' that life
She just didn't understand my lifestyle and that I don't like
We didn't have a worry in the world, got you diamonds got you pearls
Cut can't help it if Ching-A-Ling been attracting all the girls
Baby I'm a superstar and that come wit it
You got a good nigga on the side, you betta run wit it
Even though I'm on tha road doin' shows
I make time for me n her, relationship to grow
They tell me don't trust a woman in this industry
But she not any woman, more like a sacred friend to me
Plus, when I'm outta town, always think of her
May converse with some chicks, but no one come above her
(Uh) I thought I was your man
Guess you ain't understand
N now I'm sittin' here, lookin' crazy like
Damn! [Chorus] Walkin' to house from hard work, my head hurts
Instead of arguin', can I have dinner with some dessert (uh uh)
She talkin' 'bout this phone number she found
Hey, give me time to put my bags down
She's straight up, clowned
Before we end up fightin', let me leave
I'm exhausted and dis hurr, I don't need
Now I'm wit the fellas ridin' n drinkin'

She's blowin' my two way up but I need some time for thinkin'
(Yeah) I wanna go back, but something sayin' naaaw
Give her some space and the next day I might call
What should I do
Look, let me ask ya'll
Should I stay and talk, or let this relationship fall
I ain't down on what happened, my feelings crushed
But it happens some time
It's either love it or give it up
I thought I was your man
Guess you ain't understand
Now I'm sittin' here lookin' crazy like
Damn! [Chorus] [JD:] Chingy holla at dem again !! Ta all the fellas know you feel me, if you eva had a woman
Good times led to bad times n you ain't see it coming
Try the best to make her happy
But it wasn't enough
'Cause mamma told me in relationship to roll ya bluff
I don't wanna have my head down
Weak n stressed out
As bad as it hurts I gotta move to the next round
(Uh) I thought I was her man
Guess she ain't understand
N now she's sittin' hurr lookin' crazy like
Damn! [Chorus:]
