# Coming on Strong

## Signum

Coming on strong
Coming on strong
I can feel the heartaches
Coming on strongI can feel the teardrops
The pain and sorrow
Ever since you've been gone
They've been coming on strongPain come on in
Hello sorrow, I see you're back again
Teardrops glad you dropped by
'Cause you can help drown my prideAnd since you're here
The time seems to fly
To let you know you're gonna be with me
Till I lose my mindBut you've been gone
Much too long
And I can feel the heartaches
Coming on strongOnly thing you left me
Was misery for company
And memories of a love gone wrong
That keep coming on strongComing on strong
Coming on strong
Coming on strong
Coming on strong
Coming on strong
