

Back To Where I Was

[Eric Hutchinson](#)

New life decides to come through the front door
And makes us wish we'd shown respect before
Though I don't have much of a choice
I resolve to regain my voice
If I only just begin to understand it that's because
Every time I time I start to change my mind again
It gets me back to where I was
Gets me back to where I was
New life decides we never had a clue
The two of us decidin' what to do
Though my hands are all but tied
I rebound so I can say at least I tried
And oh, If I only just begin to understand it that's because
Every time I time I start to change my mind again
It gets me back to where I was
And long as I'm allowed
I'll change my mind, that's what it's for
I'm getting' older but I'm still the same
I'm just thinkin' anymore
If I only just begin to understand it that's because
Every time I time I start to change my mind again
It gets me back to where I was
Gets me back to where I was
And oh, gets me back to where I was
