

# Off the Map

## A Telemetry

home again  
traveled so far on a mission  
seeking that place  
divine in duty  
lost to grace

heavy in stone  
built so strong  
to hold it's own  
the meaning or cost  
hold on to truth  
before it's bought

ever closer  
ever closer to the find

gain the answer  
with such looking  
further off the map

hidden prize  
must be lurking  
further off the map

some bargain  
shattered the cause  
broke all reason  
the hole within  
so deep and dark  
it has no feeling

left to moan  
holding quick  
the weak have grown  
a tie released  
then whipped right back  
and had it's feast

ever closer

ever closer to the find

gain the answer  
with such looking  
further off the map

hidden prize  
must be lurking  
further off the map

captured energy  
in a box with five senses  
just a hologram  
high vibrations  
one must seek

gain the answer  
with such looking  
further off the map

hidden prize  
must be lurking  
further off the map
