

Get Nailed

Brad Nailer

D G A

Iâ€™ve been hammered
And Iâ€™ve been screwed
Iâ€™ve been leveled
And plastered too
Run through the mill
Cut down to size
When my whole world is crashing down
Doom and despair are all around
The one reliable comfort I have found
Is getting nailed

You gotta get nailed
Just get nailed
There ainâ€™t no doubt about it
Go out in the street and shout it
We get along a whole lot better
When we all get nailed

In broad daylight
Or under the stars
In a sleeping bag
In the back of the car
Any old time
Or place will do
Laid out on the kitchen floor
Pressed against the bathroom door
In the elevator stuck between floors
Gettin nailed

You gotta get nailed
Just get nailed
Round the world or sixty nine
Walking that dog from behind
The only thing that matters is taking time
To get nailed
