

# For Now

## Peter Frampton

She buys me flowers  
This could be big  
Brings me french coffee  
She's really diggin' me  
Now, for now  
She comes in the morning  
Leaves in the night  
She's got a boyfriend  
I guess that's alright  
Now, for now  
Friends are saying she's a waste of time I should leave her now  
Call me crazy I still feel like we  
Just might make it somehow  
But for now I've decided to live for now  
I told her someday  
She'll be all mine  
She said keep dreaming  
I guess she's not buying it  
Now, for now
