

Empire State (2016 Remastered)

Fleetwood Mac

Written by Lindsey Buckingham. New York, open your eyes to me

Let me be what I want to be

Tell me, tell me it's not too late Big apple, takin' a bite of me

Whole world movin' below my feet

Not like, not like we do in L.A. New York, make me a part of you

Straight, straight through the heart of you

Tell me, tell me it's not too late Flying high on the Empire State

Flying high on the Empire State New York, watch me burn ya down

Straight, straight through the heart of town

Tell me, tell me I'm not too late Big apple, takin' a bite of me

Whole world movin' below my feet

Not like, not like we do in L.A. Flying high on the Empire State

Flying high on the Empire State
