

# In a Mansion Stands My Love

[Jim Reeves](#)

On a mountain stands a mansion so fine and it looks down on this cabin of mine

I had a love and I loved her true but along came a rich man and loved her to

Now on a mountain in a mansion stands my love Well he promised he'd buy her diamond rings yes he promised  
fancy dresses and things

He promised everything indeed but it can't buy the love that her poor heart needs

On a mountain in a mansion so fine

[ guitar ]

Now I know that she's not happy there and I know that she's got thing to bare

My only dream is that someday she'll come right back here and stay

In the cabin in the valley with me

On a mountain in a mansion so fine...

On a mountain in a mansion stands my love n a mountain in a mansion stands my love
