Ripples

Crimson Road

I want to write songs about
Two strangers starting out
It's been a long time since I fell
It's time you knew as wellI want to lose myself within
The smallest details of your life
Let them assume
An importance in mineSometimes it's just butterflies
Other times a hurricane
It's ripples
Ripples and driving rainI want to be right about you
I want you to be
An angel sent to save me
I've set my heart on you
I want you to bring
The curtain down on the waitingI've nothing to lose
I've everything to gain
And I'm not abandoning
All fear
Isn't life too short for shyness?
The times I've talked myself into
Telling you, decided to
Then I see you
And just think I can't do thisDoubled up with longing
Three a.m.
Anything is better than this
Even a "no" taking all hope
Even a "no" taking all hopeSometimes it's just butterflies
Other times a hurricane
Screaming
In my head and through my veins
