

Abroad

Britney Spears

Abroad
Let me see your passport
Please take off your glasses
Gotta get through customs, taxi, baggage
You know you still love me
Sicily to the U.K
Keep them hands up everywhere follow me Im about to take you abroad
Show up in your town
Second that Im Touchin down
Go someplace weve been
Every time Im with my friends
Sexy men
Whisper foreign in my ear
Shes so hot
You so naughty come on show me what you got
What you got
Looked in the mirror today
Thought I had so much to say
But now that Im face to face
I feel like runnin away
(I need a)
think I just I need a getaway
time for a break a holiday
time that I make my great escape
I need it now
I need it today
I need it today
Dont know where Im goin but I know Im outta here
Dont know where Im goin but I know Im outta here
Dont know where Im goin but I know Im outta here
Im goin ABROAD Im goin ABROAD..I dont speak the language
But they know my name here
Frequent flier mileage
Platinum next year
No fear
Bonjour in France
Keep my head wrapped up in Hermes
Tropical destination
Get my rest and my relaxation abroad
Show up in your town
Second that Im Touchin down
Go someplace weve been
Every time Im with my friends
Sexy men

Whisper foreign in my ear
Shes so hot
You so naughty come on show me what you got
What you got Today
I need a change of pace
To see some different faces
I need to get away
I need a break from u
I need a break for me
Gimme a break from here
Somewhere that I can clear my head
Im goin abroad
Im goin abroad
