

# You're the Only Woman (You and I)

## Ambrosia

Oh baby  
Say, now, you  
You talk about The things I do  
But baby, I yeah,  
I'll try and explain the reasons why

'Cause I've been thinkin' 'bout the things  
That we said late last night,  
When every word I said  
Just didn't come out right,  
And you were so afraid  
That I'd found someone new  
But darlin', well, there's no need  
For what we're goin' through

Because you and I've been in love too long  
To worry 'bout tomorrow  
Here's a place where we both belong  
I know you're the only woman that I'm dreamin' of  
You're the only woman that I really love

Baby, see what a foolish heart has done for me  
Darlin', why yeah would you break my heart and make me cry?  
Well now, you can't go back and change the way things are,  
And all this foolish talk won't take us very far  
And so I hope you're listening! 'cause I'm tellin' you  
About the, the way I feel and what I'm goin' through

Because you and I've been in love too long  
To worry 'bout tomorrow  
Here's a place where we both belong  
I know you're the only woman that I'm dreamin' of  
You're the only woman that I really love

When the pain of love surrounds you  
And the world may be unkind  
I'll put my lovin' arms around you  
Take you far from this place and time

Because you and I've been in love too long

To worry 'bout tomorrow  
Here's a place where we both belong  
I know you're the only woman that I'm dreamin' of  
You're the only woman that I really love

You're the only woman You're the only woman

I know you're the only woman  
You're the only woman  
Well now you're the only woman  
You're the only woman
