

Tonight You're Mine

The Outfield

It's just a matter of time so don't walk away
This song is nothing without you, that's all I can say
You know you'd break my heart if you push my love away
But I can't wait another day Tonight you're mine, girl It's just a matter of time so don't you forget it
Oh, you've told me so many times that I won't regret it
Some things are easy to do yet they're still so hard to say
But I can't wait another day If there's no light and you can't see
Down the end of this road
I'll be a voice in the darkness
I'll still be there if your dreams overload It's just a matter of time, I'm not pretending
Oh, this happens once in a lifetime and I don't see it ending
There's nothing else I can do 'cause you make me feel this way
'Cause I can't wait another day Tonight you're mine, girl
Don't throw it all away Tonight you're mine, girl
I'll be waiting, I'll be waiting for you Tonight you're mine, girl
Don't keep me waiting Tonight you're mine, girl
Don't keep me waiting for you Tonight you're mine, girl
