Carry Me On

Arc Angels

I can't go on living in yesterday
Why do I long to live in yesterdayFind a way to you
Find a way to you
I know only you can carry me on
I know only you can carry me onI can't replace the feelings of yesterday
I can't erase the pain from yesterdayI'll find a way to you
I'll find a way to you
I know only you can carry me on
I know only you can carry me onFind a way to you
Find a way to you
I know only you can carry me on
I know only you can carry me on
I know only you can carry me on
I know only you can carry me on, yeah
