

# Carry Me On

## Arc Angels

I can't go on living in yesterday  
Why do I long to live in yesterday Find a way to you  
Find a way to you  
I know only you can carry me on  
I know only you can carry me on I can't replace the feelings of yesterday  
I can't erase the pain from yesterday I'll find a way to you  
I'll find a way to you  
I know only you can carry me on  
I know only you can carry me on Find a way to you  
Find a way to you  
I know only you can carry me on  
I know only you can carry me on  
I know only you can carry me on  
I know only you can carry me on, yeah
