Shadow in the Rain

Leverage

The grin was not a smile, the wolf was not your friend
The grip is not of love nor hate
It's got you on your knees, it's whispering in your head
It'll see to that you meet your endSilent whispers, silent leaves
But no one hears you cry
The beast inside you never sleeps
You'll never say, goodbyeYou can't remember, you can't regret
You'll stand there mesmerized
You're just as good as dead
Become a shadow in the rain
Collect your prize, be swept away
You're crying for your loss, you're beyond taking the blame
And tension's torn your soul away
Destroy that eyes, the broken mind
Howl at the moon in the sky
With shaky hands you dig your own graveHopeless prayers as you weep
Still no one hears you cry
The beast inside you never sleeps
Just kiss the world goodbyeYou can't remember, you can't regret
Just stand there mesmerized
You're just as good as dead
Become a shadow in the rain
And as it falls, you're washed away
You can't remember, you can't regret
Staring with empty eyes
And voices in your head
Become a shadow in the rain
That's what you are, shadow in the rainHopeless prayers as you weep
Still no one hears you cry
Beast inside you never sleeps
Just kiss the world goodbyeYou can't remember, you can't regret
Just stand there mesmerized
You're just as good as dead
Become a shadow in the rain
And as it falls, you're washed awayYou can't remember, you can't regret
Staring with empty eyes
And voices in your head
Become a shadow in the rain
That's what you are, shadow in the rain
