

# Oh Timbaland

## Timbaland

Bounce

Bounce

Bounce I ain't got no feeling, I'ma let these niggas know

I've been killin' 'em with these beats, now I'm spittin' them killer flow

What you know about me dog? Not a damn thing

Gotta problem? You can see me in the streets dog

I'm an one man game Don't take this lightly, if I you want, you dead and done

I can make that happen because nigga my bread is long

I've been on both sides of the track, you can say I changed the game

A lot of niggas try to get in my lane

Everybody askin' me the same whole thing, what they say Oh Timbaland, where he go run to? Nowhere

Oh Timbaland, where he go run to? Nowhere

Oh Timbaland, where he go run to? Nowhere

Oh Timbaland, where he go run to? Nowhere Oh Timbaland, where he go run to? Nowhere

Oh Timbaland, where he go run to? Nowhere

Oh Timbaland, where he go run to? Nowhere

Oh Timbaland, where he go run to? Nowhere I ain't goin' nowhere dog, I'ma be right here in your face

Can't do it like me dog, your kick drum ain't got enough bass

Don't ever talk bad about me, you just might make me mad

And I just might see you somewhere and brake your ass in half This not a Timbaland that you used to, now I'm  
in a whole 'nother zone

You could let me do me, you could do you, or get popped in your dome

Give love for the birds to the block, so recognize the game

Timbaland ain't gotta run nowhere baby, Timbaland got private plane Oh Timbaland, where he go run to?  
Nowhere

Oh Timbaland, where he go run to? Nowhere

Oh Timbaland, where he go run to? Nowhere

Oh Timbaland, where he go run to? Nowhere Oh Timbaland, where he go run to? Nowhere

Oh Timbaland, where he go run to? Nowhere

Oh Timbaland, where he go run to? Nowhere

Oh Timbaland, where he go run to? Nowhere I've been around, some time long ago

I've seen the light, don't act like you ain't seen it before I'm listenin' dog, you ain't sayin' shit

You can keep on wishin', you never make a hit

Yeah, I got money, take it all from me, I'm gon' be the same

You can get a few whips, you can get a few chips, you still gon' be a lame We ain't the same my nigga, I'm on  
some other shit

I'ma say this plain it's simple, nigga take this punishment

I'ma take y'all on a trip, I'ma take y'all on a ride

And one day I'll gon' dip but I won't be hard to find Oh Timbaland, where he go run to? Nowhere

Oh Timbaland, where he go run to? Nowhere  
Oh Timbaland, where he go run to? Nowhere  
Oh Timbaland, where he go run to? NowhereOh Timbaland, where he go run to? Nowhere  
Oh Timbaland, where he go run to? Nowhere  
Oh Timbaland, where he go run to? Nowhere  
Oh Timbaland, where he go run to?
