In for a Ride

Anekdoten

How long 'til I'm set free
Until I find a tie that binds?
How long until I see
The words that rhyme?
But when the blinding lights have all gone down
You are in for a rideHow long until we meet
Until our lines will intertwine?
How far until we hit
The other side?
But when we've passed the point of no return
You are in for a ride
Fate came by and leaned in close to me
I skipped a heartbeat
What if this is what I've waited for?
Then what will come of me?
Maybe the timing is more wrong than right?
Signs of panic
But I've bought that ticket and I'll take that ride
There's no way back to sleep
When you've woken up the beast
Suddenly the dice were cast
The bones were dancing madly on the table
Don't think about tomorrow
Don't dwell on the mistakes that you have made
This is the time, this is the place
And when the blinding lights have all gone down
You are in for a ride
