

Together Forever

Stryper

Verse 1

Clap your hands and stomp your feet
All you girls and all you guys
Let's rock the world with a new beat
C'mon don't wait
Don't you pass it by

Chorus

One big family
That will live eternally
Together forever
All you have to do
Is receive the one who died for you

Verse 2

I get so high I can't stay in my seat
Excitement fills the air
Let's rock the world with a new beat
All you girls and guys everywhere
Repeat Chorus
