We ride into a peek, we can take this shit no longer

Main our mind a lover man a body go weak

I got my blinding truth, I got my best crew with meWalk around with bloody hands, I saw you lick it off

We gonna keep them dirty just to prove a point

Keep it dirty it's for truth that my crew hunger

What, so fuck tomorrow, we only getting youngerAll universe implode in me, up or down in and out no matter G

Now stop falling, I smell like a fox,

Coloring, questioning a blank answer box,

Trip a trigger true twist a tune trick a dumb

Fresh like a fungus smelling shit, smelling numb

We born together, together we keep struggle

So fuck tomorrow we only getting youngerFuck tomorrow we only getting younger

You to follow, we are here to rumble

Grab a hand, take things too long

Drag shit to its fullest, blow me right from wrong

Stand tall, free I fall your call is my ball

Now yours close them doors get blown by a force

of truth missing youth, fuck the shows Skrillex

Loose the goose man fuck itWalk around with bloody hands, I saw you lick it off

We gonna keep them dirty just to prove a point

My a man a lover man a body go weak I got my bloody truth I got my base crew with me

I got my, I got my, I got myMe and the bithces, me and my dogs

Dandelion war keeps digging streets for gold

Feeling kind of tense I need a cup of whiskey

My glass is overfull be careful when you pass me

We dominate this corner with my bass family

Overtake this blocker with the boom energy

Born to be a rocker gotta grow with us

Acting like a sucker, suck it up, suck it allWalk around with bloody hands, I sow you lick it off

We gonna keep them dirty just to prove a point

My a man a lover man a body go weak

I got my bloody truth I got my base crew with me

I got my, I got my, I got my  
So fuck tommorrow we only getting younger.
