

# Madness

## King Tuff

King Tuff is my name.  
I got madness in my brain.  
Pleased to meet you,  
I'm gonna eat you cause I'm batshit insane. Now I want you to see  
all the madness in me.  
So open your eyes.  
And show me all your madness tonight. Magic little dreamer, be my little lover.  
You're a total screamer  
When we're crawling on each other. Now I want you to see.  
All the madness in me.  
So open your eyes.  
And show me all your madness tonight. Alright.  
Alright.  
La la la la la.  
La la la la la. I always fall for the wild girls  
The rock and roll and coca cola  
Make me wanna lose control. Girls!!  
La la la la la. So pour me another cup.  
Of the shit that fucks me up.  
And twist another one up of that psycho stuff  
I can't get enough. Now I want you to see.  
All the madness in me.  
So open your eyes.  
And show me all your madness tonight. M-M-M-M-Madness.
