The Fight (Acoustic Version)

The Classic Crime

Would you go to war for me, baby
Would you cry for the weak
And die for the peace of men
Oh how can we know
You and I both know
So let's make this boatload of excuses burn and singOne day it all comes down to this
You can sink or swim
You can handle this
One day it all comes down
One day we all go downI'll take my heart back
And set the people free
I'll leave the dead to die
And take what's coming with meStep back for all the world to see
Your life means all the world to me
I'll take your pain and suffering
I'm such a sucker sometimes
Sometimes we don't know
So plug up those bullet holes
Oh you feel so close, don't let go until I sayOne day we'll drink to this and say
Remember when we died
We went out in flamesI'll take my heart back
And set the people free
And take what's coming with meStep back for all the world to see
Your life means all the world to me
I'll take your pain and suffering
I'm such a sucker sometimes
Sometimes we don't know
So plug up those bullet holes
Oh you feel so close, don't let go until I sayOne day we'll drink to this and say
Remember when we died
We went out in flamesI'll take my heart back
And set the people free
There will be blood in the streets
