

# Yeah Boy and Doll Face

## Pierce The Veil

Were you honest when you said  
"I could never leave your bed"  
Wake me up and let me know you're alive  
And will you fall in love again  
Is the scent slowly spreading  
I've been answering machines all night  
And are the doctors dancing in  
While the ambulances sing  
Another boy without a sharper knife  
The moment, that's where I  
Kill the conversation  
Wrap this up  
With a knife that loves to feel  
How do you know how deep to go before it's real  
Take me home  
Can I even complicate your breathing  
I guess I'm just your average boy  
This is me  
With a knife in the back  
And a grip on the grass  
It's cold and I don't want to be here  
I guess I'm never comfortable or situational  
Are we losing or beginning  
To try a new life without you  
The moment, that's where I  
Kill the conversation  
Wrap this up  
With a lie that I'm enjoying every minute with myself  
And she could make hell feel just like home  
So I'm never leaving her alone  
But if your lightning lips aren't mine  
Then I don't know the awkward stranger to my right  
But she's crying  
I only need one hand to drive  
When you're with me  
You are my getaway  
Oh no  
And don't you ever feel alone  
And don't you wish you were home  
Cut the lust tonight  
Alright, alright tell me why my  
Little Mona Lisa told a lie  
Do you want me  
Do you want to let me know that you're OK

A diamond gold ring  
Customized to cut your circulation  
But I couldn't let you go  
No, I never let you go my dear  
So keep talking cause I love to hear your voice  
Your voice again
