Ego

Ella Eyre

Ego, ego
Ego, ego
Ego, ego
Don't let it go blow up your egoI see you looking in the mirror
I see you thinking that you're killer
Could you love someone else like you love yourself right now?If I got another surface
I wonder if you'd even notice, yeah
I wonder could a girl like me get your heart on your sleeve somehowKnow it's something I should try to hide
It's too late and I don't wanna lie
I'm thinking about you, you
I'm drinking about you, you
I hate that I do, now you know
Don't let it go, blow up your ego
You, you
I'm talking about you, you
I hate that I do, now you know
Don't let it go, blow up your egoI guess I thought that I'd knew better
I told myself that I would never
I'd never let a guy I met get inside of my head like this, oh
I see you acting like you're modest, modest
But you're too pretty, let's be honest, honest
Hoping you were a different type to the one track minded guyKnow it's something I should try to hide
It's too late and I don't wanna lie
I'm thinking about you, you
I'm drinking about you, you
I hate that I do, now you know
Don't let it go, blow up your ego
You, you
I'm talking about you, you
I hate that I do, now you know
Don't let it go, blow up your ego
Blow up your ego, blow up your ego
Now, now you know
Don't let it go blow up your egoOh, let go of my ego
My baby boujiee and bad like amigos
I never question a thing, she always right
She never get in my way, she always right
By my side, everyday and every night
By my [?] full of ice

Grind up the vitamins and the kenzo
Rockstar sex at back in her limo
Anything for the baby, you the best
I can't, [?] you'
[?] mention rolex
You've never seen an ego big like thisI'm thinking about you, you
I'm drinking about you, you
I hate that I do, now you know
Don't let it go, blow up your ego
You, you
I'm talking about you, you
I hate that I do, now you know
Don't let it go, blow up your ego
Ooh, blow up your ego
Ooh, blow up your ego
Ooh, now, now you know
Don't let it go, blow up your ego
Ooh, blow up your ego
Ooh, blow up your ego
Ooh, now, now you know
Don't let it go blow up your ego
