Almost Here

Delta Goodrem

Did I hear you right
'Cause I thought you said
Let's think it over
You have been my life
And I never planned
Growing old without you
Shadows bleeding through the light
Where a love once shined so bright
Came without a reason
Don't let go on us tonight
Love's not always black and white
Well, haven't I always loved you?
But when I need you
You're almost here
And I know that's not enough
But when I'm with you
I'm close to tears
'Cause you're only almost here
I would change the world
If I had a chance
Oh, won't you let me
Treat me like a child
Throw your arms around me
Please protect me
Bruised and battered by your words
Dazed and shattered how it hurts
Oh, haven't I always loved you
But when I need you
You're almost here
And I know that's not enough
And when I'm with you
I'm close to tears
'Cause you're only almost here
Bruised and battered by your words
Dazed and shattered now it hurts
Haven't I always loved you
But when I need you
You're almost here
(Well, I never knew how far behind I'd left you)

And when I hold you
You're almost here
(Well, I'm sorry that I took our love for granted)
And now I'm with you
I'm close to tears
'Cause I know I'm almost here
Only almost here
