

# Just Do You

## Fused Forces & Blacks

I heard a voice that told me I'm essential  
How all my fears are limiting my potential  
Said it's time to step into the light and  
Use every bit of the power I have inside

So what'chu waiting on  
Who You waiting for  
If You don't take a chance You'll never know what's in store

Just Do You (Somebody's got to be a star)  
Just Do You (Somebody's got to raise the bar)  
Just Do You (Somebody's got to change the game)  
Just Do You (Today)

Every mountain needs someone to climb it  
Every ocean needs someone to dive in  
Every dream needs someone to wish it  
Every adventure needs someone to live it

So what'chu waiting on  
Who You waiting for  
If You don't take a chance You'll never know what's in store

Just Do You (Somebody's got to be a star)  
Just Do You (Somebody's got to raise the bar)  
Just Do You (Somebody's got to change the game)  
Just Do You (Today)

If You create the game then You create the rules  
And if You just be You  
There's no way You can lose

There's a story waiting for you to write it  
There's a treasure waiting for you to find it  
There's a picture waiting for you to paint it  
There's a dollar waiting for you to make it

So what'chu waiting on  
Who You waiting for

If You don't take a chance You'll never know what's in store

Just Do You (Somebody's got to be a star)  
Just Do You (Somebody's got to raise the bar)  
Just Do You (Somebody's got to change the game)  
Just Do You (Today)

If You create the game then You create the rules  
And if You just be You  
There's no way You can lose
