

# What the Deal

## Boyz II Men

Yeah yeah, oh oh Incredible  
From your legs up to your mouth you look so, edible  
Don't have to speak your spirit it's just legible  
And when you lick your lips I swear girl I go medical  
Let the mystery unfold And what the deal mommy?  
Can you make the deal?  
Let me show you mommy  
That my love is for real  
Got the goods baby  
Make you wanna reveal your heart So can we deal mommy?  
'Cause I got what you need  
Girl I want you  
Real close to me  
Girl I promise  
We will never be apart Now, paradise  
Tonight I'll take you there reach back and close your eyes  
I'll make this loving hurt so good that you won't wanna cry  
So let me put my love inside you and make you  
Tremble and slow  
Gently baby don't let go Then what the deal mommy?  
Can we make the deal?  
Let me show you mommy  
That my love is for real  
Got the goods baby
