

D-Block

Vicious Rumors

Nigga what, what, what?
Twin y'all niggaz ready, yeah, yeah, yeah
She here to put the clack clack in this, crack pack in this
Dick in this like I had a six pack of Genus
Niggaz know that the flow be wicked
Been nice since Tri Backs can they kick it
Can't walk with out lil momma trying to flick it
So be it take let your boyfriend see it
US gangsta but all my guns be Soviet
Jake did it gon take 'em up to ID it
Chain hanging out but I ain't talking about jewelry
Talking ammunition, bullets, big artillery
Put a hole in a big ass social security
Been this way be for I even reached maturity
Nigga they all book me quicker
'Cuz I'm worth more, like a Jam Master J sticker
Alive but you can still pull out liquor
Gotta dead serious flow I'm about to blow, yeah

It's for them niggaz Dickie Dan throwin' it up rocking Chucks

Like pimples motherfucker, I'm all in your face
You like sneakers when them strings about to get laced
What you need chronic homeboy, we got all types
Fuck your bikes, Nigga I smoke more than exhaust pipes

When I'm riding on the track like a surf board

Walk with me motherfucker, we taking over the streets

Bullets running low but yours been there for ages

I'll talk to yall niggaz I ain't trying to shout
Why fit in with Sheek was born to stand out
You'll get pretzeled up twist in half
