It really shouldn't be so hard  
Being in love with you  
I wish I didn't feel so dumb  
feeling the way i doBut every time you call my name  
I go crazy  
I need a little time  
A little time baby  
To figure out just what I  
got to lose  
sometimes its hard to be in love with youI wish you let other guys know  
that I am the only one  
Cuz everytime you start flirtin  
it just ruins all my funAnd everytime I think I won  
you say maybe  
I need a little more  
to stick around baby  
so drop these games  
or someones gonna lose  
Somtimes its hard to be in love with youI always thought  
That you would be the one for me  
I always thought  
that you would be the one for me  
The one for me  
the one for me  
the one for meBut every time you call my name  
I go crazy  
I need a little time  
A little time baby  
To figure out just what I  
got to losesometimes its hard to be in love with you  
Its hard to be in love with you  
its hard to be in love with you  
(Sometimes) its hard to be in love with you  
its hard to be in love with you
