

Glam Rock Cops

Carter the Unstoppable Sex Machine

Call me old fashioned
But I'm a little nervous about the future
I've got no enthusiasm
For burgers or computers Televisions bores me now
In a hundred different ways
And the police are getting younger
Getting younger every day All I wanted was some tender loving care
Before it gets sponsored with the water and the air
You want it
You've got it You took it all from me
My cheque book, my wallet
My pride and dignity
And I can't even get a taxi To the safety of my house
The driver gets a nosebleed
If he travels that far south

All I wanted was some tender loving care Before it gets sponsored with the water and the air

Dear Claire

Sincerely

Bored of London By the way

The police are getting younger every day

I want to see the sights I want to hear the songs

About human right and about human wrongs I'm as lovesick and as stupid as all the rubbish that I heard

The public gets the music that no public could deserve

They put me in the spot light tied me to the stage

The only thing I got right wa to lie about my age I've been fitted up for size for Top Of The Pops

In a uniform supplied by the gkam rock cops

All I ever wanted was some tender loving care

Before it gets sponsored with the water and the air Dear Claire

Sincerely

Bored of London

By the way The police are getting younger every day
