

Chentu Mizas

Dusty Kid

the sun is low
there are still a lot of miles to go
oh, I cant even remember all the mess we've made
but this is our fate

while the air is getting chill
can you really feel the songs you hear
though I don't care we have to reach the field
beyond that hill

on time
on time

you're free to stay but if you leave it's all right
so it is clear get your shoes let's go down

we got to go
