Peg

Steely Dan

I've seen your picture Your name in lights above it This is your big debut It's like a dream come true So won't you smile for a camera? I know they're gonna love it, PegI like your pin shot I keep it with your letter Done up in blueprint blue It sure looks good on you And when you smile for a camera I know I'll love you betterPeg It will come back to you Peg It will come back to you Then the shutter falls You see it all in 3-D It's your favorite foreign movieI like your pin shot I keep it with your letter Done up in blueprint blue It sure looks good on you And when you smile for a camera I know I'll love you better
