Call My Name

Morgan James

Call, call my name
Call, call my nameHeard your voice this morning
Calling out my name
It's been so long since I heard it
And it didn't really sound quite the sameBut it let me know my name
That never really been spoken before
Since the day you carried me
Across that bridal path doorAnd ever since that day
I never wanted anyone but you
And anybody who really knows me
Knows the truthAnd I just can't stop writing songs about you
I love you so much
I can't wait to get my arms around you
And feel your touchIf I don't see you real soon baby
I might go insane
I know it's only been three hours
But I love it when you call my nameI heard a voice on the news saying
People want to stop the war
If they had love as sweet as you
They'd forget what they're fighting forWhat's the matter with the world today?
Home of the free, somebody lied
They can bug my phone
Come around my home
They'd only see you and me making loveI love you so much
I can't wait to get my arms around you
And feel your touchIf I don't see you real soon baby
I might go insane
I know it's only been three hours
But I love it when you call my nameAnd I just can't stop writing songs about you
I love you so much
I can't wait to get my arms around you
And feel your touch yea yeahIf I don't see you real soon baby
I might go insane
I know it's only been three hours
But I love it when you call my nameCall my name, call my name, call my name
Call out, call my name, call out
Call out, call my name
Call my name, call my name
Call my name
