

# I Love You

## Tesla

The beauty's gone  
My time wasn't enough (I'm spendin it all with you)  
My heart wasn't enough (I'm givin' it to you)  
My money wasn't enough (I'm givin' you all that)  
My house wasn't enough (but you live in that)  
And now you wanna leave  
Wish I never told you "you should leave"  
Wish me and you never had my seed  
No I better stop it that's a lie  
'Cause girl you were the apple of my eye  
Took a little time for me to see  
That girl I need you right here next to me  
I could let you walk away  
But I'm not goin out that way, no  
Not that way  
Not goin out that way  
I can't live without you  
Can't be without you  
I'm beggin' you to stay, to stay  
I love you  
Even though I said that you should leave me  
I wanted other chances to adore you  
I still believe in you and me, I love you  
Won't you take the time (Love you)  
Take the time to see (Leave me)  
I don't wanna have to live my life in misery  
I wasn't ready for you to set me free (Adore you), (I'm in love)  
Don't give our love away  
Words can't describe how I feel about you  
Only Heaven knows how much I do  
Girl I'll put my own life on the line  
I'd cherish and protect you with my life  
All that s\*\*\* I said girl I didn't mean  
I'd die without your love baby if you leave  
I could let you walk away  
But baby I'm not goin out that way  
Not that way  
Not goin out that way  
I can't live without you

Can't be without you  
I'm beggin' you to stay, to stay  
I love you  
Even though I said that you should leave me  
I wanted other chances to adore you  
I still believe in you and me, I love you  
Won't you take the time (Love you)  
Take the time to see (Leave me)

I don't wanna have to live my life in misery  
I wasn't ready for you to set me free (Adore you), (I'm in love)  
Don't give our love away  
Might as well just kill me  
All My Life (all my, my life, I'd sacrifice for you)  
Sacrifice (baby, I'd sacrifice for you, baby I'd sacrifice)  
After that rising sun  
Is another day begun  
I won't live without you  
Won't be without you  
I'm beggin you to stay (Can't you just understand I just don't wanna be with you?)

Please stay  
I love you  
Even though I said you should leave me  
I wanted other chances to adore you  
(Gonna take my time, take my time, to give you the love that you want)  
Won't you take the time (Love you)  
Take the time to see (Leave me)

I don't wanna have to live my life in misery  
I wasn't ready for you to set me free (Adore you)

'Cause I love you  
I love you  
I love you  
I love you  
I love you  
I love you  
I love you, baby  
And I still believe in you and me  
(I love you)  
Oh, I love you  
I love you  
I love you  
I love you  
I do  
Waitin for you  
For you, baby

I love you  
We need each other  
I taught you how to love  
You taught me how to love  
And from that we created love (I love you)  
You stayed with me when I was doin' wrong  
So why'd you leave me when I started doin right  
The beauty's gone  
I love you  
I love you
