

# Three Cool Cats

## The Coasters

Three cool cats, three cool cats  
Parked on the corner in a beat-up car  
Dividing up a nickel candy bar  
Talking all about how sharp they are, these  
Three cool cats

Three cool chicks, three cool chicks  
Walkin' down the street swingin' their hips  
Splitting up a bag of potato chips  
And three cool cats did three big flips for  
Three cool chicks

Well, the first cool cat  
He said, "Man, look at that!  
Man, do you see what I see?"  
"I want this little chick!"  
"I want that little chick!"  
"Hey, man, save one chick for me!"

Three cool chicks, three cool chicks  
They look like angels from up above  
And three cool cats really fell in love  
And three cool chicks made three fools of these  
Three cool cats

Three cool cats, three cool cats, three cool cats  
Threeeeeeeee cooooooooool caaaaaaaaaaats
