

In Dog We Trust

Reagan Youth

Inquisition says we'll burn in hell
 Damnation for the infidel
Gonna start and spread some heresy?
 Ya' gotta expect a certain misery
They're gonna make it really interesting
 They're gonna go and teach democracy
 Whatever God that could exterminate
Whatever God that can't tolerate
In dog we trust [4x]
In dog we trust
 In God you trust
 In God you trust
In God you lust
God damn you
 God damn me
 God damn who?
