All In One Day (Single Version)

Ultravox

Strange how the change came all in a day
Counting down and counting down
And waiting for the minute
We could touch a world
Where every heart had love to offerHeart-felt passion building around
Feel the love, feel the love
Sharing the strain
From where apathy reigns
For a dying worldAll in one day
All in one day
When the hands reached out
Across an ocean
EverywhereAll in one day
All in one day
When the people came
And stood together
EverywhereAll in one day
All in one day
When the hands reached out
Across an ocean
EverywhereAll in one day
All in one day
When the people came
And stood together
Everywhere
Everywhere
