# Space Oddity 2009

## The Prostitutes

Major Toms finally back from Mars
now he's sitting watching stars on tv

He's so happy just to see the Earth again
And to meet with some old friends now older and grey

Hold me now because I'm falling
And things could never be the same
Hold me now because I'm falling
I must to be on my way again

I touched the sky and felt so high
I must be on my way
I've changed too much
and I must say
I need the Milky Way

Hold me now because I'm falling
And things will never be the same
Hold me now because I'm falling
Planet Earth is blue and there's nothing I can do

Once again Major Toms is finally off to Mars
He's no longer watching stars on tv
Wave goodbye as you see him touch the sky
Next time I hope it's gonna be me
Next time I hope it's gonna be me
Next time I hope it's gonna be me

Hold me now because I'm falling
And things will never be the same
Hold me now because I'm falling
And things will never be the same
