

# Love Overboard

## Gladys Knight & The Pips

They tell me, Gladys, you know you love too hard  
But I tell 'em, not nearly hard enough  
They say, girlfriend, you know you go too far  
Around the world ain't far enough 'Cause I only wanna show you, what you mean to me  
Everytime I'm reachin' out to you, I start to sink  
I may be drowning with desire from your sweet, sweet touch  
I don't care what people say 'cause I love you so much Love overboard  
My love's in need of help  
Love overboard  
I sure can't help myself Love overboard  
I don't know what to do  
Love overboard  
I'm so in love with you, baby Baby, they say I work too hard  
Not really, when it comes to lovin' you  
You've got my overtime, you bring me peace of mind  
And there's so much more I'd like to do I only wanna find the love my heart's been searchin' for  
I'd climb most every mountain swim from shore to shore  
Just to feel the soft caress from your warm embrace  
In this ocean of love, no one can take your place Love overboard  
Oh, my love's in need of help  
Love overboard  
Sure can't help myself Love overboard  
I don't know what to do  
Love overboard  
So in love with you Love overboard  
I'm running out of time  
Love overboard  
I'm 'bout to lose my mind Love overboard  
I don't know what to do  
Love overboard  
I'm so in love with you All my friends keep telling me to let you go  
Between the two of us how could they ever know  
About the love you been givin'? Seems some people like to live their life so very close  
I like to let go sometime, so I can flow with the time  
I've done made up my mind, you're the only one for me  
Oh, my love's overboard (Gladys, Gladys, Gladys)  
I'm overboard  
Can't help myself  
I'm overboard Uh, the bottom may be deep

But your love, so very sweet  
Well overboard Love overboard  
Love overboard  
So in love with you Love overboard  
Runnin' out of time  
Love overboard  
About to lose my mind Love overboard  
I don't know what to do  
Love overboard  
So in love with you Spinnin', fallin'  
People, aah, people  
Love's callin', I'm fallin'  
S-O-S-O-S-O-S-O-S Love's overboard  
My love's in need of help  
Love overboard  
I just can't help myself Love overboard  
I don't know what to do  
Love overboard
