

Drifter

Iron Maiden

Walk away
Look out now, baby won't you take me away
Sittin' here sayin' its gonna be a new day
Gotta get my song and I can't go wrong
Gotta keep on roaming, gotta sing my song What you feeling when you hold me tight?
I'm gonna cuddle up with you tonight
Gonna get you feeling so secure
Listen child, don't you see there's a cure?
Anywhere, got to get you away
Feels so good, think it's gonna be a new day
I'm gonna get my song and I can't go wrong
I'm gonna keep on roaming gonna sing my song What you feeling when you hold me tight?
I'm gonna cuddle up with you tonight
Gonna get you feeling so secure
Listen child, don't you see there's a cure?, ooh yea
Anywhere, got to get you away
Feels so good, think it's gonna be a new day
I'm gonna get my song and I can't go wrong
I'm gonna keep on roaming gonna sing my song
I wanna Rock n' Roll, yeah Gonna sing my song, yeah, and it won't take long
Gonna sing my song, yeah, I want you to sing
I want you to sing it, sing it, sing it, sing it along
I want you to sing it, sing it, sing it, sing it along
I want you to sing it, sing it, sing it, sing it along
I want you to sing it, sing it, sing it, sing it along
