You see a sign of youth
I know you understand, that we both go up the hill
And with the sectioned one, for the capital's nuns
You see the moonbeams on the hillSunny, sunny, sunny whether
Joely wasn't altogether true
Still our cousin knew
I, I, I, I, no, I, I, I, me me me me
More I want to
Bren coughed boo hoo hooAnd all the vegetables that serve as obstacles
You see the moonbeams on the hill
And with the sectioned one, for the capital's nuns
You see the moonbeams on the hillSunny, sunny, sunny whether
Joely wasn't altogether true
Still our cousin knew
I, I, I, I, no, I, I, I, me me me me
More I want to
Bren coughed boo hoo hoo
