

# What You See Is What You Get

## Save Ferris

Well, here's a little story that I have to tell  
About somebody that I thought I knew real well  
It seems lately they haven't been respecting me  
Or treating me with proper dignity  
Well, I don't need you to treat me this way  
And the more I seem to give you, well, the less I get  
And I'm tired of livin' in this world of lies and regret  
What should I do?

Wastin' all my lovin' on someone like you  
If you don't like me for what you see  
Well, then tell me, baby and set me free  
'Cause what you see is what you get  
Please remember this is it  
What you see is what you get  
What you see is what you get  
Once there was a time when I needed you  
And I looked past all the things that you put me through  
Well, you let my heart lead me and it lead me blind  
But it won't lead me back to you this time  
Well, I don't need you, to treat me this way  
And the more I gave to you, well, the less I got  
If you thought I was about to take it, well, I'm not  
What should I do?

I can't waste my lovin' on someone like you  
You don't appreciate the things you see  
So now it's time for you to just set me free  
What you see is what you get  
Please remember this is it  
What you see is what you get  
What you see is what you get  
What should I do?

Wastin' all my lovin' on someone like you  
If you don't like me for what you see  
Well, then tell me baby, and set me free  
'Cause what you see is what you get  
Please remember this is it  
What you see is what you get  
What you see is what you get  
'Cause what you see is what you get

Please remember this is it  
What you see is what you get  
What you see is what you get  
Bye bye, baby, goodbye  
Bye bye, baby, goodbye  
Bye bye, baby  
Bye bye, baby, goodbye
