On My Own

Chrisette Michele

Never came across anything You couldn't handle No matter the problem You were always there my superheroThough I love you for it all I'm a women, I'm a grown up And that means that you gotta let me fall And learn to get up on my ownOn my own, can't let you in now Gotta be alone, on my own Gotta fight this battle alone, on my ownI know you're gonna care about me forever How will I ever learn the price of my heart If you're always its protector? You can't make him love me right Make him treat me the way he should I love you but this my fight Let me fight it on my ownOn my own, can't let you in now Gotta be alone, on my own Gotta fight this battle alone, on my ownOn my own, can't let you in now Gotta be alone, on my own Gotta fight this battle on my ownOn my own, on my own On my own, on my own
