

# You Are All I Need

**Dara Maclean**

All my life  
Every breath  
You are Lord  
Every step  
You take me to the mountain  
You take me to the depths  
You take me to the fountain  
When I have nothing left  
You lift my head, You lift my head  
You lift my head, You lift my head You are all I need  
You are strength  
Never failing  
You are all I seek  
You alone  
Are enough  
In You I live  
In You I'll stay  
By Your word  
Light the way  
You take me to the mountain  
You take me to the depths  
You take me to the fountain  
When I have nothing left  
You lift my head, You lift my head  
You lift my head, You lift my head You lift my head, You lift my head  
You lift my head, You lift my head  
You lift my head, You lift my head  
You lift my head, You lift my head  
You take me to the mountain  
You take me to the depths  
You take me to the fountain  
When I have nothing left
