Nothing Wrong

Brighton

I wanna slitter off my jeans, slitter off my heels
If I knew I'd see you
This diamond ring, it's kinda loose
Gotta watch myself around youGlad you finally said something
'Cause it's been weighin' on my mind
Messin' with my life
I wonder should I feel guilty
But we haven't crossed that lineWe ain't doin' nothin' wrong
Nothin' wrong as long as we keep it innocent
I'm just tryin' to have some fun
But baby, you're drivin' me crazy
I ain't tryin' to make you crazy
For me it ain't that much fun
If we ain't doin' nothin' wrongIf you only knew what you do to me
When you walk away
If I had a chance gave you a taste
Well, baby you'd be beggin' me to staySometimes I wonder what it feel like
But I gotta go to mine and the time goin' by
I don't wanna feel guilty
It's getting awfully hard to believeWe ain't doin' nothin' wrong
Nothin' wrong as long as we keep it innocent
I'm just tryin' to have some fun
Baby, you're drivin' me crazy
I ain't tryin' to make you crazy
For me it ain't that much fun
If we ain't doin' nothin'I'd never ask you, would you leave the one you love
I'd never tell you, want you so bad it hurts
About the way you make me feel
Baby, can we make it real?
[Incomprehensible]I'm just tryin' to have some fun
But baby, you're drivin' me crazy
I ain't tryin' to make you crazy
For me it ain't that much of fun
If we ain't doin' nothin'
If we ain't doin' nothin' wrongDon't blame me
Don't blame me for wanting you so bad
Come on talk to me, baby
Stop coming back
Stop coming back here looking like that

Can't stop me, watch me walk away
Tried to stop you, baby
