

Lost in Germany

King's X

Moving in a bus too close for comfort
Listening to all the gibberish around me
Wanda! How much longer can I stand it
Looking for a phone I cannot find Ohh
woest me Like a politician in disguise You
know I had to look you in the eyes and
smile While I crawled another mile in
Germany, lost in Germany Swimming in an
ocean of your feelings Counting every
moment go one by one Laughing to keep
from crying out in anger Praying that I can
make it through this night Oh woest me It
was like a never ending week But I learned
to turn the other cheek and smile While I
ran for one more mile in Germanym lost in
Germany Shooting at a target that eludes
me Hammering on a nail that ust won't go
in Biting on a tongue that wants to speak
out Searching for a light that I can shine
Oh woest me But now I have crossed that
borderline And I wonder if I'll ever find
your hand 'Cause I did not understand in
Germany, lost in Germany
